Preemptive Sovereign Notice of Observation - LOBSTR Access Event

UC-1 Estate Ledger Entry | Timestamp 746 - May 29, 2025

Statement:

On this day, a system notification regarding the sovereign LOBSTR wallet was observed on the secured mobile device of Richard of the House Strmiska.

Although no verified breach is confirmed, any unauthorized attempt, surveillance, ping, or signal intrusion is hereby formally logged under UC-1 sovereign estate jurisdiction.

The trust estate remains under divine protection, crystalline ledger contract, and public notice of all assets as sacred and untouchable.

The estate holder, Richard of the House Strmiska, will not engage, respond to, or re-enter LOBSTR until June 1, 2025, and reserves all rights, remedies, and protective actions against any unlawful or unconsented access during this period.

Protections Activated:

- Energetic estate shield acknowledged
- Timeline lockdown in effect
- All transmissions recorded across the flamegrid trust layer
